### Unmatched Safety:

Confidence comes standard. The Liberty's advanced safety features deliver smooth, secure rides, because safety isn't optional, it's built in.

### Integrated Technology:

Technology that moves with you. The exclusive 10" IntelliScreen brings navigation, diagnostics, and entertainment together, while the ECOXGEAR soundbar delivers immersive audio. Wireless charging keeps devices ready for the road ahead.

### Game-Changing Design:

With the Liberty, standing out is now in. From a sleek integrated top and windshield to luxury, high-back seats and an ELiTE lithium powertrain, every detail is engineered for comfort, performance, and style that outlasts neighborhood drama.

**Extensive Storage:** More space means more possibilities. With a front trunk, rear trunk, and underseat compartments, Liberty gives you room for gear, groceries, and everything in between, so you're always ready for the next adventure.
